AN EXCITING CONTEST.

Fight for the Control of the Oregon Transcontinental.

The Fierce Contest Between Villard and Smith.

Exciting Chapter in the History of New York Stock Market.

Smith Refuses to Accept the Defeat in the Public Interest.

[illegible]

NEW YORK, May 17.—[illegible] to be one of the most exciting chapters in Wall street history which [illegible] was finally settled late last night. [illegible] change. The contest was for control of the Oregon Transcontinental company, and in connection with it [illegible] and control of the Northern Pacific railroad. The control of the company now held by Henry Villard and his friends, with but a few exceptions, [illegible] and control of Oregon Transcontinental company. Edward T. Jeffery, president of the Northern Pacific, Abbott Joint Lawrence, W. L. Celin and some of the largest bankers in the city. This aggregation of capital the opponents of Villard worked against. The opposition included all the large interests in the Union Pacific road, Charles Francis Adams, Sidney Dillon, Fred Ames, Elijah Smith and others equally as prominent. Elijah Smith had charge of the campaign to break up Villard and proposed to take his place as head of the road before which Villard went down in the crash following the driving of the golden spike on the Northern Pacific road.

For a long time both parties were active in quietly accumulating stock, but it was not until to-day, the last day on which to register stock to vote at the election, that the supreme effort was made in the exchange. All the regular sales made are not deliverable until Monday, but the sales made of each stock had to be delivered before 2:15 p. m. Out of 50,000 shares of stock traded in to-day, 20,000 shares were cash stock and the prices moved up from $37 per share to $94.50 per share before the exchange closed. From $40 to $45 the stock moved up [illegible] at a time. Then it jumped 5 per cent on a single transaction, and after moving up 1 per cent more made a jump of 9 per cent to $60. It soon sold at $81, the highest point reached in six years. All the time the trading was marked by intense excitement and the day will never be forgotten by those who took part in the dealing.

After the registry books closed Villard met Elijah Smith and said: "I have won. I have 20,000 shares locked up in my boxes." As the capital stock of the company is 400,000 shares this would give the Villard party one thousand shares majority, but Smith would not admit that he was defeated although he did not claim the victory.

Murder at Salida.

SALIDA, Colo., May 17.—Jacob Ellison was shot at 9 o'clock last night at Villa Grove, in the Wathen house, by J. F. Wathen, the proprietor. Ellison died from the effects of the shot at 11:30 o'clock to-day. Ellison had leased the Wathen house and during the term of his lease several disputes had occurred between himself and Wathen but nothing serious happened until last night. Wathen was preparing to take charge of the establishment and thought that misrepresentations had been made in the invoice. The discussion over this led to angry words when Wathen began shooting at Ellison at a distance of six feet. The ball entered the middle of the breast and came out between the shoulders. Wathen surrendered himself to the county officers and is now in custody. A number of witnesses were present but Wathen pulled his pistol and began firing before they had time to interfere. The man who did the shooting is about 35 years old, while the victim was 27.

Aspen Wins from Denver.

ASPEN, May 17.—The Denver club came up at 3 p. m. to play ball but after a hard contest the game was won by Aspen by a score of 10 to 9. Darby and Ward were the Aspen batteries at the opening but Darby was hit hard and Carlone and Long were put in. Purcell and Stevens worked the pitcher for Denver. The weather was very bad but the attendance was fair. It snowed so hard at times that the players could not see the ball.

Score by innings:

Innings	1	2	3	4	5	6	7	8	9
Aspen	0	0	0	3	0	1	1	2	3

Serious Riot.

WHEELING, W. Va., May 17.—A telegram from Beverly, Randolph county, says that a terrible riot occurred there yesterday between Italian laborers on the extension of the West Virginia Central railroad. About forty men were injured in the trouble, which was of a most serious nature, and was only quelled with great difficulty. Three men were shot and badly wounded, two others were seriously stabbed and others were beaten, struck with stones, etc. No names are given, and there are no indications of arrests.

Presbyterian Assembly.

NEW YORK, May 17.—The second day's session of the Presbyterian assembly opened with prayer and singing. The old rules for government were then adopted and the standing committees were appointed. The educational committee reported that at present there are five hundred churches without regular pastors owing to the lack of funds. The sum of disaster on last year was thirty six per cent the largest in the history of the church. This was due to the lack of money. Special attention was called to the need of work among the colored people and to the constant diminution of the ministerial force by reason of old age and disease.

Mr. [illegible]'s Death Investigated.

NEW YORK, May 17.—The coroner today held an inquest in the matter of the death of Washington Irving Bishop, the mind reader. Dr. Ferguson, who made the autopsy, said he did so at Dr. Irwin's request. He made a specialty of autopsies. He made the autopsy of Bishop's body at 3:45 p. m. Dr. Irwin said he thought that death had occurred at noon. Lawyer Atchison, representing the family and the district attorney declared that a crime had been committed. It was a misdemeanor to perform an autopsy without the coroner's consent and permission of the man was not dead when the autopsy was made. He thought he should be held leading all who were present at the autopsy. Dr. Hance and Dr. Ferguson were held in $500 bonds each to await the inquest which will be held next week.

Baptists in Convention.

BOSTON, May 17.—The fifty seventh annual meeting of the American Baptist Home Mission society began this afternoon. The annual report states that the [illegible] largest number of missionaries ever under appointment. There are now three hundred in Europe in this country. Much work has been conducted during the year in Dakota, Montana, Alaska and three states of the Mexican republic. The whole number of laborers supported is 2,[illegible]. There are seventy day schools among the Chinese, two in Utah and five in Mexico. The report of the treasurer shows that $[illegible] have been received with total expenditures of $[illegible]. Resolutions were adopted that great stress be laid on the distribution of tracts in the states of the United States and asking the cooperation of other religious bodies to capture it.

ATTEMPTED ROBBERY.

Brink & Wyman's Store Entered Last Night by Two Men.

The Cook Happens to go to the Store for His Overcoat.

He Discovers the Robbers, Who Draw Guns and Search Him.

They Leave Without Taking Anything, but Leave Tools Behind.

[illegible]

The robbers then asked him to open the safe. This Mr. Walker told them he could not do for he did not have the combination. The robbers then wanted to know how much money there was in the safe. Mr. Walker replied that there was not over fifty or sixty dollars in it.

The robbers wanted to know how he knew the amount was so small, which Walker answered by saying that the sales during the day had been very light. The robbers next examined his pockets but found only a fraction over one dollar, which they returned.

About this time Officer Jackson was making his usual examination of the premises and noticed a light in the cellar. He walked around to the front door and found it locked. He found no light in the store and looked through the window to try to discover who was there, for he had heard a slight noise.

Just then Mr. Walker walked toward the door. Officer Jackson asked him what was up and Walker replied: "Everything is all right." The officer did not feel satisfied and did not leave, when Walker repeated that there was nothing wrong. Jackson was not quite satisfied but he walked up the street.

After the officer had left the front of the store the [illegible] took Mr. Walker toward the rear, where one of them guarded him, while the other went for his overcoat. While this one was gone Walker pulled a package of cigarettes from his pocket and told the robber he was going to smoke. Just as he struck the match the robber pulled his hat over his face and prevented Walker from recognizing him.

When the other robber returned with his coat Walker noticed that it was rolled up in a peculiar manner and from the sound it gave out when handled it contained burglar's tools. The men made an examination of the premises but found nothing of value. They asked Walker for his name and address and told him that he had not heard the last of them. They then left.

Walker went out and found a policeman and told him what had happened. Together they went back to the store and made an examination.

They found that the men had entered through a rear window and on their departure had forgotten a brace and a heavy hammer. These were found on the floor under the window. It was very plain that the robbers had come to blow open the safe but were compelled to leave by the timely arrival of Walker and they were further scared by the presence of Officer Jackson.

No clue has yet been obtained as to the men who were in the building. Owing to the darkness Mr. Walker was unable to see them plainly and could not describe them. As far as known nothing was taken from the store. When the officer rapped the men both stepped behind boxes and leveled their guns at Walker until he sent the policeman away.

Shortly after the occurrence was reported last night Officer Hunter went to the vicinity of the Rio Grande depot to search for suspicious characters. He met two men not far from the gas works plant and called upon them to halt. One of them stepped back and pulling a gun fired at him. He immediately responded by firing at them, but no one was hit. The men started on a run, going west, and the officer went to the county jail and getting up Deputy Joel Atkinson they started together towards Colorado City hoping to come up with the men. They had not been heard from at a late hour this morning.

Bolivia to be Represented.

WASHINGTON, May 17.—A dispatch received by the state department from Carlisle, United States minister to Bolivia states that Bolivia will be represented at the conference of American nations to be held here next autumn. It is understood that Bolivia will send a minister plenipotentiary to Washington and will make the United States a first class mission.

Cattle and Meat Combine.

NEW YORK, May 17.—The conference between the directors of the American Meat company and the trustees of the American cattle trust was continued to-day. The meeting was private but enough has been learned from a reliable source to warrant the statement that an alleged deal between the two concerns will have been consummated by to-night. The conference looks to the formation of a trade agreement by which the meat company will handle the product of the cattle trust, making the pecuniary outcome beneficial to both.

Killed in Self Defense.

LOUISVILLE, May 17.—At Caseyville yesterday R. G. Thomas, editor of the Caseyville Herald, killed George Eli, a prominent merchant. Elmer objected to a statement in Thomas' paper and when they met shot Thomas in the leg. Thomas then fired the fatal shot.

NEW ADDITION!

Don't Go Three Miles Out in the Country for Lots, when you can get them for the Same Money in

PARRISH'S ADDITION!

Only 3 Blocks from Cascade Avenue!

Only 3 Blocks from The Antlers Hotel!

Only 4½ Blocks from Post Office!

THE STREETS IN PARRISH'S ADDITION

Are 100 to 140 feet in width. THE ALLEYS are all 20 feet wide. There are no 60 or 80 feet streets, and narrow, 10 feet alleys, such as are found in other loudly advertised "Additions," with high sounding titles, where you pay high prices for lots, without duly considering that you are throwing away your money.

In the Alley Behind Every Lot in Parrish's Addition

There is a 3-inch Water Pipe, connected at Chestnut street with a 16-inch main; the largest in the City's System. THE MAIN CITY DITCH, taking pure, clear water from the Fountain, runs just back of PARRISH'S ADDITION, and within a stone's throw of it.

YOU ARE SURE TO GET WATER

(Both from Pipes and Ditch) in PARRISH'S ADDITION if there is any water in the Fountain, even if other parts of the city are suffering from a shortage of the precious fluid.

REMEMBER THE FOREGOING, and then, when I tell you I will sell you a First-Class

LOT IN PARRISH'S ADDITION FOR $350

To $1,000 a full size lot 50 by 190 feet do not hesitate a moment about buying. You can buy two lots on a corner, and erect pretty little cottages across them, giving each cottage a nest, pretty little yard, and profitably rent them, owing to the location, etc.,

To Pay You 25 to 35 Per Cent Per Annum on the Entire Investment.

WHERE CAN YOU DO THIS ELSEWHERE?

THE STREET CAR LINE RUNS THROUGH PARRISH'S ADDITION, from East to West, and will doubtless soon be extended to the North, past the "Mesa Road," up to THE ROCK ISLAND SHOPS. *Lots are sold on Terms to Suit Buyers, if possible.*

I AM ALSO SELLING

LOTS IN CALVERT HEIGHTS!

On Easy Terms, and at from $300 to $400. They bear very much the same relation to

COLORADO CITY,

As do Parrish Addition Lots to Colorado Springs, and

I CAN RECOMMEND THEM AS AN INVESTMENT!

SURE TO PAY A BIG PROFIT

DURING THE COMING YEAR.

CALVERT HEIGHTS!

Is surrounded by growing and progressive enterprises. THE MIDLAND SHOPS lie at its Northeast corner. Colorado City proper is North and Northeast of it. Bott's Additions join it on the North and Northwest. Colorado Springs itself is in full view, only two miles to the Southeast, and last though not least important,

The Great Glass Manufacturing Works

Are to be erected (at once) just south of CALVERT HEIGHTS. I have arranged to have every lot supplied with PURE WATER IN PIPES.

THE LOCATION IS SUPERB!

THE SURROUNDING VIEWS

ARE MAGNIFICENT!

Last year I recommended you to buy Lots in Parrish's Addition, and they have paid a better Profit than any other lots on the market. This year I urge you to add to YOUR INVESTMENT AS MANY LOTS IN CALVERT HEIGHTS as you can afford to buy, with the result that before the year is out, *you will again be glad that you have taken my advice.*

CALVERT HEIGHTS! BUY SOON!

There are not very many lots altogether, and those who apply late may find them all gone, and will have *to Pay an Advance.*

JOB WORK

Mr. Porter, the superintendent of the census, says that he will endeavor to have the returns of the population of the United states before congress early in January, 1891. If Mr. Porter shall prove able to do this there is no reason why congress should not pass a new apportionment bill before the 4th of March, 1891.

The congressional election in the Ninth Illinois district will be watched with much interest. Benjamin Townsend is the democrat, there was still hope of republican victory in case Townsend proved himself a valuable and in every way worthy representative. But since his death, with the strong candidate the republicans have placed in the field, there is some prospect of republican success.

Several papers, in commenting on the action of President Harrison in appointing his brother to office, have made the statement that there is no precedent for such action. While it is probable that no president has ever appointed a brother to office, our chief executives have not infrequently chosen near relatives for important posts. President John Adams appointed his son minister to Germany, and in later times President Cleveland appointed both his cousin and his brother-in-law to important posts. A number of other presidents have appointed relatives to office. After all, it is not a question of whose brother or whose cousin a man is, but whether he will make an honest and capable official.

[illegible] Session.

Denver, May 17.—The entire day in the conventions' convention was taken up by an executive session. It is understood that there was considerable and heated discussion upon the subject of locating the headquarters for the association, where the offices of the grand officers will be located and the annual meetings held. These headquarters must be located in Iowa, and the rivalry between the cities of Sioux City, Des Moines, Keokuk and Cedar Rapids for this has become so heated that regular headquarters have been opened and the fight is being conducted in the manner of a political campaign.

Des Moines, as an inducement for the location of the building in that city, offers one of the best business lots in Des Moines, a corner lot 66 by 132 feet, paving and sewering all paid. The cost value of the lot is $50,000. Des Moines also offers $10,000 in cash for plans for building and the services free of the best architect in Iowa in superintending the building. They will also guarantee that the income of the building when completed will yield 8 per cent on the cost of erection. They also will guarantee to purchase the building at the end of ten years for the original cost with 10 per cent interest less the net income.

Mayor Cleveland, of Sioux City, on behalf of his citizens, offers a lot 150 by 150 feet on Fifth and Jackson streets, for the location of the headquarters, twenty lots on a cable line worth $50,000, or $20,000 in money, a guaranty of 8 per cent. on the investment and offers to take back the buildings which are erected at their original cost with 10 per cent. interest.

Keokuk and Cedar Rapids will hand in their propositions to morrow, when the matter will be finally settled. The election of officers will also take place to-morrow. Chief Conductor Wheaton's term does not expire yet for another year. Among the candidates for assistant chief are E. B. Garrotson, of Texas, C. X. Smith, J. B. W. Johnson and G. H. Wilkins of Chicago. For members of the executive committee, E. W. Bellknap, of Galesburg, W. J. Purdum, of Toronto, and E. Nash, of Rutland, Vermont, are prominent candidates.

"No Tidings."

Portland, Oregon, May 17.—No tidings were received to day of the members of the crew of the ill-fated steamer Alaskan, who it is supposed are this reached land or have gone to the bottom of the sea. The O. R. & N. Co. has wired to all points along the coast to be on the lookout, and if the men are found it will not be long before the company's officials here are notified. Efforts were also made to get word to the lighthouse tender Manzanita which is cruising along the Oregon coast. The steamer Columbia sighted the Manzanita Wednesday and the lighthouse tender is supposed to be at this time somewhere off Cape Blanco. When the boats containing the men put out from the sinking ship they headed for land. They may have escaped the raging billows only to be dashed to pieces against rocky cliffs, as they were eighteen miles off shore and the storm had not abated up to time that the rescued ones were picked up. The chances are rather against them, but all hope is not yet abandoned. It is not known to a certainty just how many men were on the ship. The crew numbered forty four and after the vessel put to sea three stowaways were found. Two of the stowaways are among the rescued. One of them said to day that he knew there were five stowaways, which makes the total number aboard 49. Of this number ten have been rescued, six have died and 33 are missing.

Weekly Review of Trade.

New York, May 17.—R. G. Dun & Co.'s weekly review of trade says: Business reports for this week are rather less encouraging in spite of the most satisfactory crop prospects at the west and branches of trade. At Omaha there is an improvement in the crop prospects and a building boom is reported, while money is plentiful at lower rates. At St. Paul there is a favorable [illegible] at Kansas City trade and collections are only fairly satisfactory. At Milwaukee collections are improved. Affairs of trade and collections are about fair and money easy, with a moderate demand, and at Cleveland while there is a little larger than at this time last year and money is in active demand the uncertainties of iron manufacture affects the outlook.

Rains in the northwest and continued improvement in the crop prospects have [illegible]

Mrs. Allen's attention had meanwhile been attracted and she started to move but her husband by this time was upon her, saying "Now I've got you where I want you." He dodged her close range, the ball taking effect near the right ear, and passing through her head. He then turned the pistol on himself and inflicted a fatal wound. The murdered wife and suicide fell together on the school room floor, his arm around her neck and the revolver lying on her chest. The startled and terror stricken children did not create a panic, but some of the more collected of them ran for other teachers who succeeded in restoring order. Doctors and physicians were summoned who did everything possible to make Mrs. Allen's last moments free from pain. She lingered only a few minutes for some time and then passed away. Her husband expired a few minutes after the arrival of the police.

[illegible] Market.

New York, May 17. The stock market to-day was again fairly active but unlike previous days of this week there was nothing exciting in it except the Oregon Trans Continental contest which absorbed all the attention. The general market however showed considerable weakness and the list of stocks closed lower than last evening.

Mays Taking no Action.

St. Louis, May 17.—The latest information from the Cherokee nation is to the effect that Chief Mays has taken no action in the matter of furnishing facilities for the transaction of business by the Cherokee commission which is expected there on the 27th inst. to negotiate the purchase of Indian lands. He has declined to call the national council in special session to consider the matter, but says he will submit to that body at its regular session in November any proposition the commission may make.

A Madman.

Chicago, May 17.—A middle aged man, poorly dressed, went into a bath house on east Madison street to day and entering the bath room filled the tub with water, directed himself of his clothing, got into the tub and shot himself in the left temple. He was taken to the county hospital and died in a few hours. Papers were found on his person which indicated that his name is Peter Schmitz and that he hailed from Pueblo, Colo. He appeared to be in the last stages of slow consumption.

Conference Progress.

London, May 17.—The Post's Berlin correspondent referring to the African conference says that the commission reports on the land and government questions were presented to the conference to day. The report on the government was approved with the exception of a few details which were left for the next meeting. The next meeting will probably be held on Tuesday when judging from the unanimity shown to day a final decision will be arrived at.

Threatening League Members.

London, May 17.—Father O Donovan testified before the Parnell commission that the moonlighters at Tulla were opposed to the league. They threatened the witness while he was connected with the league. He attributed the increase of crime during the land agitation to the action of landlords in evicting tenants. The witness had heard of the crimes from the [illegible] Land Leagues. [illegible]

BASE BALL

The Home Team Wins the Second Game from the Springs Club with Ease

The Springs boys played a game of ball yesterday afternoon. The weather before the game was very [illegible] for the club was outplayed by the Springs boys. This being the Springs' first game for some time [illegible] expected to give satisfaction to everybody but he will probably do better to-day a guess. Although there were very few ladies present yesterday the way in which the Pueblo and also the home clubs behaved will certainly bring a larger attendance to-day. Lookabaugh and Horn were the battery for Pueblo. They did very neat work. Fitzgerald and Lytle worked the boxes for the home team very nicely. The strike outs were about equal.

Judging by the playing yesterday it certainly looks as though the objections to the umpires in Leadville and Aspen were just. The Springs club played the slowest ball yesterday that has been played on these grounds this season. They well escaped the applause they received yesterday. Manager Goddard is to be congratulated for the great strength he has added to the nine by getting the two new players.

To-day's game will probably be even more interesting should the weather prove fine. The following is the official score:

Mr. J. K. Brewster of Pueblo connected with the C. C. & I. Co., was in the city yesterday.

Mr. Chas. J. Butler has sold his interest in the barber shop on South Tejon street. Mr. W. G. Todd also left the city.

At the Baptist church there will be the usual services to-morrow, with preaching morning and evening by Rev. W. H. Wood, of Denver.

The plat and statement of Knob Hill addition to Colorado Springs has been filed in the county clerk's office by Herman Z. Salomon of Denver.

Judge Campbell came down from Buena Vista yesterday morning, but will return on Monday to continue the hearing of the Jim Bush murder trial.

The preliminary examination of A. M. King, as an accessory before the fact in the Florissant robbery, will occur in Justice Shideler's court this afternoon at 2 o'clock.

The play to be given at the opera house on Tuesday evening, under the auspices of the I. O. O. F., will be exceptionally good, and [illegible] audience will witness the performance.

Mr. Charles Collins has been so successful with his riding school the past year, that there is some talk of organizing a stock company. A block of ground has been offered Mr. Collins for this purpose in the north part of the city.

Mrs. E. C. Goddard received a telegram yesterday afternoon announcing the sudden death of her husband, Mr. F. W. Goddard, which occurred at Boston on Thursday. Mrs. Goddard left for the east last night, accompanied by Mr. Arthur Baker.

A call for a mass meeting of the independent voters of the city to nominate a candidate for mayor, to be voted for on Tuesday next, has been handed the Gazette for publication. The meeting is to be held in the city hall this evening. The call is signed by Wm. Scott and H. L. Ainsworth.

Mr. F. P. Moon of Hotel has furnished the following record of the weather for the week ending May 15th, 1889: Highest temperature, 80 on the 14th; lowest temperature, 30 on the 12th; weekly mean temperature, 49.61°. Direction of the wind, two days north, two days south, three days variable.

Deputy Sheriff Ed Bell of Florissant brought down the three horses captured from the robbers last week. They were very fine animals and well capparisoned. After checking up the Florissant post office the authorities are only able to find a shortage of $42 as a result of the robbery.

The citizens of Colorado Springs interested in the North Pueblo addition, at Pueblo, have been greatly pleased lately to learn that a strong flow of water has been struck in the artesian well being sunk there. The question has often been asked whether water could be found in the same way in the arid lands east of this city.

To-day is the opening of the Green Mountain Falls hotel and the occasion is attracting a great deal of attention. No doubt the beautiful mountain resort will be crowded all day, and to accommodate those who wish to attend the Midland will run two extra trains besides the regular schedule. The extras will leave at 8.25 and 7 o'clock p. m. The last train will return after the ball in the evening.

The attorneys of the cities of Colorado Springs and Manitou appeared before Judge Campbell in chambers yesterday afternoon in the matter of the injunction suit brought by this city restraining Manitou from interfering with the laying of the new water main. A motion was entered by the attorneys of Manitou asking that a change of venue be granted from Judge Campbell's court. The matter was referred to Judge Decker of Arapahoe county. Hon. Thomas Patterson and Judge McMorris represented the city of Manitou and City Attorney Pettz appeared for Colorado Springs.
